

# Industrial & OEM Solutions.

Connectors | Wire & Cable | Sleeving & More

## Breaking the Constraints

If you are looking for customized and highly engineered products, we can help.

**Our factory partners specialize in the solution.**

Sourcing | Engineering | Reliable | Quickturn | Easy to Disinfect | Traceability | Identification

GRAVOTECH 

- Laser Engraving
- UID and RFID Tags
- Master Heat Guns and Butane Tools
- Polyolefin Formated Markers
- Diesel Resistant Heat Shrink
- Raychem & 3M Equals
- Custom Printing
- Kitted Label Products

We are available to meet with you and review your next project.

Having trusted technical advisors on your team changes EVERYthing

**Custom Machined Parts**  
**Sheet Metal Fabrication**  
**Etched Metal Parts & Surface Coatings**  
**Custom Wire & Cable**  
**Micro & Nano Mini Connectors**  
**Sleeving EMI & RMI**  
**Protective Products**

**Sheathing Shielding Tape**  
**Tubing**  
**Ethernet Cables**  
**Labeling**  
**Laser**  
**Dot Peen**  
**Traceability**  
**Wire Harness**  
**Cable Assemblies**  
**CAN-Bus**  
**VMI**

# Industrial Highlights

## Dunbar

AS9100D  
ISO 9001:2015  
Tier1 Supplier

Founded in 1986, Dunbar is a tier 1 supplier of Mil-Spec Heat Shrinkable Tubing. With a full breadth of heat shrinkable and non-shrinkable products,

Dunbar products include Heat Shrinkable Tubing products – Polyolefins (Formatted Markers, Thin, Medium & Heavy walled), Adhesive-lined, Kynar, PVdF, Neoprene, Diesel Resistant, CATV tubing Fluoroplastic, Fluoroelastomer, and Viton tubing.

## ACE

AS9100D  
ISO 9001:2015  
SAM SDB

ACE specializes in a variety of products and services that include: Distribution of Connectors, Backshells, Wire & Cable Identification, and Wire Harness Protection.

In addition, they have custom solutions for armored land vehicles, communication equipment, space & missiles, unmanned aircraft, and military aircraft. Above all, Aircraft & Commercial Enterprises prioritizes quality and customer satisfaction.

## YC Cable

Over 30 Years  
Experience  
Providing Cable  
Assemblies and  
Wire Harness  
Assemblies.

YC Cable facilities are located in Silicon Valley, California, and Piscataway, New Jersey offering high mix & small order services. They manufacture to IPC 620 and Telcordia GR-326 specifications, in addition to being ISO 9001:2015 in the USA. All of their products are manufactured and tested in compliance with the following standards; UL/CSA, Telcordia, IEC/ANSI, TIA/EIA, and IPC. Their engineers offer cutting-edge technical support with custom product consultation, design, and cost reduction analysis.

## TechFlex

Since 1965,  
Techflex has been  
engineering and  
manufacturing a  
wide range of  
braided sleeving  
products.

Nomex  
Resists UV, Gasoline, Engine  
Chemicals & Salt Water  
Up to 1400°F  
ASTM D3032-22  
EV Power Cable Identification  
Fuel & Hydraulic Protection  
Hologen Free  
Noise & Rattle Suppression  
EMI Shielding  
ASTM-B 33  
Diesel & Lubricant Resistant  
Overbraiding  
Customizable Configurations  
Custom Die Cutting  
Header Wrap

## Applications

Guide Chain	Cable Pulling Grips
Ground Straps	Engraving
Protective Conduits	Laser Marking
Cable Glands	D-Sub Connectors
Cable Entry Products	Wire Harness
Engine Cables	Protection
Fittings	Rodent Repelling
Nomex Sleeving	Sleeving

Made in USA
